BOOK SYNOPSIS

Comprehensive, Rigorous Prep for the LSAT. The LSAT is an aptitude test. Like all aptitude tests, it must choose a medium in which to measure intellectual ability. The LSAT has chosen logic. Although this makes the LSAT hard, it also makes the test predictable--it is based on fundamental principles of logic. Master The LSAT analyzes and codifies these basic principles: the contrapositive, the if-then, pivotal words, etc. Armed with this knowledge, you will have the ability to greatly increase your score. Features: * Analytical Reasoning: Learn powerful diagramming techniques and step-by-step strategies to solve every type of game question that has appeared on the LSAT. * Logical Reasoning: Discover the underlying simplicity of these problems and learn the principles of logic these questions are based on. * Reading Comprehension: Develop the ability to spot places from which questions are likely to be drawn as you read a passage. (pivotal words, counter-premises, etc.) * Mentor Exercises: These exercises provide hints, insight, and partial solutions to ease your transition from seeing LSAT problems solved to solving them on your own. * The average LSAT scores of 153 ABA approved law schools.
